**Ready to lead operations at a top security manufacturer? Join as Production Manager and drive excellence in production & quality assurance.**

## Production Manager

- Australia's premier security screen manufacturer that ensures timely delivery of top-quality products.
- Renowned for using the finest materials and high-tech fabrication, our screens set the standard for excellence.
- Rewarding career opportunities with unwavering commitment to excellence.

### **Our client...**

Is a family-owned business, now Australia's premier security screen manufacturer, serving Sydney, Central Coast, South Coast, Newcastle, and Canberra. With unmatched quality, high production capacity, and personalized service, they are now seeking a dedicated Production Manager as part of their ongoing growth.

### **What they Offer**

Being a forward-thinking company that thrives on seeing their people develop and believing that effort should always be rewarded, they are offering the right person with drive and enthusiasm the following:

- Competitive annual salary
- Superannuation
- Opportunities for ongoing growth and advancement.

### **Your Responsibilities**

Based in Riverstone, and reporting to the General Manager, this role primarily involves overseeing production operations and safety standards, and optimizing purchasing processes for smooth operations. Your key responsibilities will be to:

- Support production team in achieving labor efficiency and quality standards, prioritizing efficiency.
- Coordinate cross-training programs, report personnel issues, and participate in WH&S programs prioritizing safety and skill development
- Collaborate with the supply department to coordinate production planning, fostering a high-quality manufacturing culture.
- Source quotes, maintain purchasing data, and manage vendor relationships to optimize procurement processes and reduce costs.

### **What you will bring**

This full-time position will suit someone who has the following attributes:

- Experience in production/fabrication roles, coupled with Trade qualifications and a deep understanding of metal fabrication techniques.
- Proficient in lean manufacturing/continuous improvement processes, with demonstrated ability to manage multiple tasks, set priorities, and address issues within budget constraints.
- Ability to understand commercial agreements, negotiate effectively, and maintain excellent numeracy and literacy.
- Reliable, efficient, and committed to continuous improvement, with a high level of professionalism and attention to detail.

### **Sound like you?**

Then what are you waiting for? Hit the apply button to send a covering letter addressing the selection criteria and an up-to-date resume quoting reference No. KE **0356** or call Tanya on 02 8005 7155 for a confidential discussion.
